

SanitaryBox40

High-Capacity Mobile Restroom & Shower Solution

The **SanitaryBox40 with Showers** is a fully equipped 40-foot modular unit that offers separate sections for men and women, each with enclosed toilets, handwashing stations, private showers with benches, and lockers. Designed for hygiene, comfort, and ADA accessibility, this unit is ideal for temporary installations in remote or high-traffic environments, including eco-lodges and emergency operations.

Fields of Use:

- ✓ Remote Work Camps & Eco-Lodging – Reliable, self-contained facilities for off-grid environments.
- ✓ Large Festivals & Sporting Events – Scalable restroom and shower capacity for public use.
- ✓ Disaster Relief – Complete sanitation solution for emergency deployments.
- ✓ Construction Sites – Long-term infrastructure for mobile workforce accommodation.

SanitaryBox40 - High-Capacity Mobile Restroom

SanitaryBox40 with Showers – Mobile, Durable, and Plug-and-Play

This upgraded version of the SanitaryBox40 integrates full bathroom and shower facilities with an HVAC-equipped utility room. The unit includes a 250-gallon freshwater tank, electric water heater, and hot/cold air conditioning. Its modular and autonomous design makes it ideal for locations with limited infrastructure, enabling quick setup and immediate use.

Key Features

- Separate men's and women's sections with ADA-compliant toilets and enclosed private showers
- 2 showers with benches and lockers per section
- Fresh water system with 250-gallon tank and electric heater for consistent hot water
- Utility room with integrated climate control (air conditioning & heating)
- Pressurized water system with flexible connection options
- Plug-and-play design supports grid power, generator backup, or optional solar upgrades
- Non-slip, waterproof, and easy-to-clean interior surfaces for hygiene and safety
- Energy-efficient LED lighting and water-saving fixtures to reduce operational costs
- Quick deployment and transportability for temporary or permanent installations

Ideal for eco-tourism camps, construction projects, disaster response bases, and outdoor event venues requiring self-contained sanitation and shower solutions.
